

January Service Specials

Your safety is our concern

We are offering limited time specials to give you, our valued customer, amazing deals to ensure you keep safe on the roads during this winter season

Webasto Engine Heater Installation

A Webasto engine heater can reduce engine idle times which saves on fuel expenses, regeneration problems, cold or hard starting, and reduces failure to start occurrences.

Come in today and have your engine equipped with a self-contained engine heater from Webasto. We utilize the skills of our factory trained technicians to efficiently install your engine heater to factory specifications in just one day!

** Listed price includes installation labor and engine Webasto heater kit only. Coolant lines, coolant fittings, engine coolant, and wiring harness extensions are extra.

** Engine heater timer and labor to install is extra**

THIS MONTH ONLY \$1,545.95 + Tax + Shop supplies
(as quantities last)

A SAVING OF \$285.65

Did you know we have an on-site oil analysis machine? Stop by and talk to one of our knowledgeable service writers about this and the many other special services we offer.
